DOE Office (Poland)

DOE Office (Gdynia)

WHY US?

1. Experience since 1992 - we know your high expectations.
2. We have a proper office organization. Sales managers, logistics, accounting.
3. We double-check the quality - we see and carefully photograph every item that we send.
4. Every item is packed properly, according to the customs and logistics regulations.
5. We are located in a very good place - 20 min from airport, marine port, next to the highway.
6. Our service saves you time and worries!
7. We take proper care in rare case of a claim.
8. Our turnover is around 2M EUR and growing.

We are a part of ship supply management systems:

above logotypes are a property of corresponding companies, shown here only for identification.
